LIVE AREA FOR VISIBLE CONTENT IN RACKS

WE RECOMMEND PRINTING ON A 95 BRIGHT 14PT C2S STOCK

Green Line = Trim or cutline
Red Line = Bleed (All colours and imagery must bleed to the full 0.125 inches on all sides)
Blue Line = Type Safety Area (All content that is important must be kept within the area of **3.75 in by 8.75 in** to be safe from trimming. Content should not cross the blue line or it may be trimmed off)
